

# AUDA StreetScape Update September 21, 2011

## CONSTRUCTION PROJECT UPDATE

From September 21st-28th, please anticipate construction work to continue between Elder's Station & Pine Street on Lincoln Way. Hemington Landscape will be pouring concrete in front of the State Theatre on Wednesday. Hemington will complete the colored sidewalk pour on Thursday & Friday on the south side of Lincoln Way.

In preparation of the utility work (PG&E, AT&T & Wave Broadband), Hansen Brothers will begin reducing the staging area on Lincoln Way. PG&E has begun pulling wire and is scheduled to switch from overhead power to underground power by mid-October. AT&T and Wave Broadband will commence their utility work once PG&E is complete. The demolition of the utility poles is anticipated by mid-November and will occur once all utilities have been switched to underground. Following the pole removal, Hansen will complete the final curb, gutter and sidewalk and commence the landscaping.

Hansen Brothers will continue to have traffic control between Elder's Bus Station and Pine Street with one traffic lane open in each direction on Lincoln Way to facilitate construction work. The lanes of traffic will shift according to the construction work.

Please anticipate some delays on Lincoln Way. We regret this inconvenience and ask our residents, businesses and visitors to be patient and considerate during the project. The construction will occur over the next three months.

Please remember that businesses are open during construction and there is public parking located on Lincoln Way near Elder's, near Depoe Bay and off E. Placer St.

More information on the Streetscape Phase II Project can be found online at:
